PROFILE

Angular developer with a strong foundation in TypeScript, component architecture, and scalable SPA development. Experienced with state management (NgRx), advanced RxJS, performance optimization, accessibility, and full testing workflows (unit and end-to-end). Background includes 320+ hours of professional training (DEPI, ITI) and internship work delivering responsive production interfaces. Seeking a mid-level Angular role building maintainable, high-performance applications.

CORE TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: Angular, RxJS, NgRx, Angular Material, Bootstrap, Tailwind CSS, Sass, Chart.js

Angular & Web: SPA, Routing, Reactive forms, Reusable components, Modular & lazy-loaded architecture, State management (NgRx), JWT authentication, REST API integration, Performance optimization, Accessibility (a11y), Responsive design

Tools & Workflow: Git, GitHub, VS Code, npm, Angular CLI, Agile / Scrum

Soft Skills: Teamwork, Time Management, Problem Solving, Communication, Adaptability

PROJECTS

Hospital Management System — Angular 19

- Role-based hospital platform with JWT authentication and separate dashboards for doctors, pharmacies, and patients.
- Built as a Single Page Application using Angular with modular architecture, routing, reusable components, and Chart.js data visualization (Angular, Bootstrap, Chart.js).

Code: github.com/A7med953/team-depi Live: <https://team-depi-delta.vercel.app/>

EXPERIENCE / INTERNSHIPS

Angular Frontend Developer Trainee — Digital Egypt Pioneers Initiative (DEPI)

06/2025 – 12/2025

- Completed a 200+ hour training program in Angular, TypeScript, and modern frontend technologies.
- Built a fully functional Single Page Application (SPA) using Angular with modular architecture and routing.
- Improved code maintainability by implementing reusable components and clean code practices.
- Collaborated in Agile sprints to deliver project features within deadlines.

Frontend Web Developer Trainee — Information Technology Institute (ITI)

07/2025 – 08/2025

- Completed a 120-hour intensive training in frontend development.
- Developed 5+ responsive landing pages using HTML, CSS, and JavaScript.
- Improved page performance by ~15% through CSS and JavaScript optimization.
- Ensured cross-browser compatibility across multiple devices and screen sizes.

Angular Frontend Developer Intern — United Integrated Solutions (UIS)

06/2024 – 10/2024

- Developed 4+ Angular components using routing, data binding, and modular architecture.
- Built 2 responsive web interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Reduced UI inconsistencies by ~30% by applying Angular best practices.
- Enhanced user experience through responsive, user-friendly interface design.

EDUCATION

B.Sc. in Computer and Artificial Intelligence — Damietta University

2023 – 2027

CERTIFICATIONS

Digital Egypt Pioneers Initiative (DEPI) — Ministry of Communications & IT, Egypt	2025
• Angular Frontend Web Developer – Certificate of Completion • Business English Track – Certificate of Completion • Certificate of Recognition – Top Performer	
Information Technology Institute (ITI) — Frontend Web Development (120 Hours)	2025
• HTML5, CSS3, JavaScript, jQuery, Sass, Responsive Design
