01022499146 New Damietta, Damietta, Egypt

PROFILE

Computer Science student at Damietta University, passionate about frontend development and building responsive, user-friendly web interfaces. Completed ITI Summer Code Camp 2025 (120 hours) in Front-End Web Development, gaining hands-on experience with HTML, CSS, JavaScript, jQuery, Sass, and responsive design. Currently enrolled in the Angular Frontend Track at the Digital Egypt Pioneers Initiative (DEPI), enhancing skills in Angular, TypeScript, and component-based development. Eager to apply knowledge in real projects and continue growing as a frontend developer.

EDUCATION

Bachelor's degree of Computer and Artificial intelligence
Damietta University

2023 – 2027

WORK EXPERIENCE / INTERNSHIPS

Intern Angular Frontend Web Developer

06/2025 – Present

Digital Egypt Pioneers Initiative – DEPI

- Currently completing a **200+ hour training program** in Angular, TypeScript, HTML5, CSS3, JavaScript, Bootstrap, and UX/UI design.
- Working on a **capstone single-page application (SPA)** using clean code principles and modular architecture.
- Practicing Agile methodologies through sprint-based development and collaborative teamwork.

Intern Frontend Web Developer

07/2025 – 08/2025

Information Technology Institute (ITI)

- Finished a **120-hour intensive program** covering HTML, CSS3, JavaScript, jQuery, Sass, and responsive web design.
- Built and deployed **5+ responsive landing pages** as part of real-time coding sessions.
- Improved page loading speed by **15%** through optimized CSS and JavaScript.

Intern Angular Frontend Web Developer

06/2024 – 10/2024

United Integrated Solutions (UIS)

- Developed **4+ Angular components** with routing, data binding, and modular structure.
- Collaborated on **2 responsive web interfaces** using HTML, CSS, Bootstrap, and JavaScript.
- Reduced interface inconsistencies by **30%** through implementation of best practices in Angular project structure.
